

Explore the full range of RSPH asbestos qualifications

...as required by UKAS and independently regulated by Ofqual

Asbestos surveyors and analysts need to verify their knowledge and competence to meet the UKAS requirements, so ATaC offers all the qualifications they need.

This range of asbestos qualifications are through the Royal Society for Public Health (RSPH) and were specifically developed for professionals working in UKAS accredited organisations involved in asbestos management.

Following the recently available RSPH competency qualification, ATaC now offers the full range of qualifications asbestos surveyors and analysts need to gain competent person status.

- RSPH Level 3 Award in Asbestos Surveying**
- RSPH Level 3 Award in Asbestos Air Monitoring and Clearance Procedures**
- RSPH Level 3 Award in Asbestos Management for Dutyholders**
- RSPH Level 3 Award in Asbestos Bulk Analysis**
- RSPH Level 4 Certificate in Asbestos Laboratory and Project Management**

Our thanks to the team at ATaC. Qualification content and certificate expediency have proved to Riverside that ATaC and the RSPH suite of qualifications is the optimum choice.

Simon FitzGerald - Riverside Environmental Ltd

Although challenging, the RSPH Level 4 competency qualification has great content, especially as it thoroughly covers laboratory set-up and management. Thank you ATaC for delivering an excellent qualification.

Vicky Finnigan – Thames Laboratories Ltd

I recently undertook unit 1 of the RSPH Laboratory and Project Management qualification with ATaC and I'd like to thank my tutor, as he explained a complex subject clearly and precisely.

Eddy Lane – Clearwater Environmental Ltd
