

ARCA announces Charity Week 2019

ARCA and ATaC members have the opportunity to get involved and raise funds for Mesothelioma UK.

During the **16th - 20th September**, the Association will be holding the ARCA Charity Week 2019, so that we can continue to support Mesothelioma UK, a charity that helps asbestos related cancer patients and their families.

You can raise funds to support those suffering with this asbestos related cancer, by undertaking an activity either as a team or an individual ... whether you take part in a fun run, a sport challenge, cake sale or raffle.

We hope you will get involved as all donations make a difference.

September may seem ages away ... but it will be here before you know it! Start thinking about how you can get involved and let us know your plans.

Mesothelioma UK is a national resource dedicated to supporting people with this asbestos cancer, providing specialist Mesothelioma information & support and improved care & treatment through a growing network of clinical nurse specialists (now 18 posted at NHS hospitals throughout the UK).
